Washington, DC 20330-1080

SUBJECT: Updated List of Accelerated Case Closure Procedures and Participants (**SAF/IAPX 03021**)

Reference: (a) DSCA letter I-03/004808-FM of 9 Apr 2003

DSCA has provided guidance in reference (a) for the inclusion of Belgium as a participating country in Accelerated Case Closure (ACC). The ACCP now governs all cases, whether already closed, currently implemented, or prospective. This includes cases with the country code of BE or F1. However, attachment (1) includes cases for Belgium that have been excluded from ACCP procedures and they are as follows: BE-D-CCH, BE-D-CCJ, BE-D-KCE, BE-D-CCB, BE-D-CCC, BE-D-CCD, BE-D-CCE, BE-D-CCF, BE-D-CCG, BE-D-NBF and F1-D-KCD. The following Multi-National Fighter Program cases have also been excluded: BE-D-SVI, BE-D-YMD and BE-D-NMP.

Request that the Case Management Control System (CMCS) and Security Assistance Management Information (SAMIS) be updated to reflect this revised information. If you have any questions, please contact Colleen Henson, SAF/IAPX, 703-588-8975 or [colleen.henson@pentagon.af.mil](mailto:colleen.henson@pentagon.af.mil).

(b) DSCA policy memo 02-32 dated 4 October 2002

This memorandum is to advise you of the following countries/organizations that are now included in the ACCP program. ACCP now governs all cases, whether already closed, currently implemented, or prospective:

Via Reference (a): Belgium (BE)  
Belgium (F1)

Please be aware that Belgium has requested certain cases for both BE and F1 be excluded from closure at this time. The list of excluded cases will be circulated to your closure points of contact via e-mail.

Request your organization ensure that the FMS system(s) you maintain are updated to reflect this revised information. Likewise, DSCA will ensure that DSAMS is updated as appropriate. For the countries/entities shown above, request DFAS transfer all cases already closed directly from 'C1' (non-participant) to 'C3' (ACCP final) status.

Attached is a master roster of all ACCP participants. Wide dissemination of this roster is highly encouraged. *Reference (b) is hereby superseded.*

Dear General Caen:

This is in reference to your 3 April 2003 letter (serial MRMP 03/069985) regarding Belgium's desire to participate in the Accelerated Case Closure Procedures (ACCP).

I am pleased to take this opportunity to inform you that, effective immediately, Belgium is formally a participant in ACCP. Based on your letter and prior discussions between members of our staffs, we jointly agreed on procedures tailored to accommodate the needs of Belgium. Those procedures are described below:

- The quarterly Case Closure Suspense Account (CCSA) will be sorted based on Belgian In-Country Service, and further sorted between BE and F1 country codes. The initial CCSA statement will be sent by DFAS Denver not later than for the quarter ending 30 September 2003.
- Belgium retains the prerogative to exclude any case from ACCP. We kindly request that such requests for exclusion are made as early as possible, to avoid unnecessary closure actions. We take note of your letter's reference to a future review with DSCA, during which you will finalize the inventory of cases currently eligible for closure, but which you wish to remain open. In the meantime, we will circulate your draft list of cases to be excluded from closure.
- ACCP shall apply to FMS cases under country code BE. ACCP shall also apply to FMS cases under country code F1, with the exception of cases supporting the Multi-National Fighter Program (MNFP). We will treat the MNFP cases with caution, and shall not close them under ACCP procedures without specific written approval from Belgium or the MNFP Steering Committee.

By separate correspondence, DSCA will notify the USG FMS community of the Belgium's participation in ACCP. Additionally, cases that are open and over two years supply complete will be scheduled for closure by DSCA beginning with the September 2003 Enhanced Accelerated Case Closure (EACC) list.

I hope this information is helpful. Should you have any questions, please contact either Ms. Cindy Leach, Country Finance Director for Belgium, telephone (703) 601-3743,

**Subject:** Heads up: Belgium and ACCP

Greetings! I attended a meeting earlier today during which Belgian officials indicated that they would send a letter, probably by mid-April at the latest, providing Belgium's formal acceptance into ACCP. It will cover BE and F1 cases. While it's not yet official, it's coming soon.

At this stage, we know of the following supply complete cases that Belgium does NOT want closed:

Army: BE-KRR/OIG

Air Force: BE-CCH/CCJ/KCE/CCB/CCC/CCD/CCE/CCF/CCG/NBF and F1-KCD and F1-MNFP cases

Navy: BE-TBI

Belgium is tentatively planning to conduct a comprehensive SAMR in the mid-June timeframe. During that SAMR, the initial listing of cases not to be closed will be formalized. That list will be subsequently refined over time as cases currently active become supply complete. In turn, the MILDEPs will need to identify the list of cases over two years supply complete and which are to be kept open per Belgium's request as part of the master list maintained in the quarterly 1238(q) report.

Also, as you know we typically do not schedule new cases on the Sep EACC lists. However, given the timing of the SAMR and the relatively few number of Belgium cases over two years supply complete, I will add eligible BE and F1 cases onto the Sep 2003 EACC list.

More to follow. Thanks.

David
